

Working holiday visa for Japan – Application Guidelines for 2018

With the aim of giving young Hong Kong people the opportunity to gain a deeper understanding of the culture and general way of life of Japan, the working holiday scheme will allow those who meet the conditions to stay on holiday in Japan for up to one year and secondarily to take up employment there in order to supplement their travel funds.

In 2018, working holiday visa applications for Japan will be accepted during two periods, once in April and the other in October, and 750 visas will be issued in each period.

(Note) Employment is not the primary objective of the working holiday visa. Employment is recognized as an activity that allows applicants to supplement their travel funds while they are on holiday in Japan. Work in the entertainment sector, such as in bars, pubs, cabarets, etc., or in the sex industry is not recognized as valid or permissible employment.

- (Note 2) Service charges will apply at the [Japan Visa Application Centre](#).
- (Note 3) In principle, we will accept all visa applications submitted during the application period. Those applications which have passed the application deadline will not be accepted for whatever reason.
- (Note 4) We will not contact applicants individually in the event that they do not submit all of the required documents mentioned above, nor will we accept additional documents after the visa application has been submitted. Please therefore check carefully that you have included all of the required documents with your visa application. We will contact applicants individually if the visa officer deems it necessary to request other documents in addition to the required documents mentioned above.
- (Note 5) We are not able to return any document once it is submitted to us, even after the completion of the examination procedure.

4 Examination Method

- (1) All applications will be carefully examined.
- (2) If necessary, applicants will be interviewed by a competent visa officer. In this event, we will contact the applicant individually to arrange an appointment. If an applicant does not attend an arranged interview appointment, without good reason, their visa application will be considered as withdrawn.
 - (Note) The working holiday scheme is intended for young people who are residing in the HKSAR. If you are studying overseas, for example, at the appointed time, this is not considered an acceptable reason for not attending the interview.
- (3) If the number of visa applications exceeds the quota of visas, the decision of selecting the most suitable candidates will only take into account for those who meet the principle and purpose of the working holiday scheme. Please note that applications will not be processed on a first-come, first-served basis.
- (4) With regard to matters related to the visa examination process, e.g. selection criteria, reasons for issuing or not issuing a visa etc., we will not answer any questions or provide more details on the selection process or its results.
- (5) An applicant may only submit one visa application during a particular application period. If an applicant submits multiple visa applications, they will all be invalidated.
