

Message

I am pleased to congratulate the Consulate-General of Japan on its organization of the “Japan Autumn Festival in Hong Kong: Rediscovering Nippon.”

The festival, which runs in October and November, celebrates Japan’s rich cultural traditions and latest trends and promotes people-to-people exchanges. I know the local community and our international visitors look forward to the Festival and its wealth of Japanese offerings, in culture, entertainment, food, products and services. At the same time, I welcome our visitors, from Japan and from all over the world, to enjoy the warm hospitality and high-quality attractions Hong Kong is famous for.

(C Y Leung)
Chief Executive

Hong Kong Special Administrative Region
