

Hong Kong Government adjusts Outbound Travel Alert for Fukushima Prefecture

31 July 2012

Consulate-General of Japan in Hong Kong

The Hong Kong Government issued a press release on 27 July 2012 announcing the adjustment of the Outbound Travel Alert for Japan as follows:

1. The Outbound Travel Alert (OTA) for Fukushima Prefecture in Japan has been adjusted from Red (avoid non-essential travel) to Amber (exercise caution, attend to personal safety and monitor the situation and the announcements by the Japanese authorities).
2. Residents intending to visit Fukushima Prefecture or those who are already there should avoid all travel within 20 kilometres of the Fukushima Daiichi Nuclear Power Plant, as well as the evacuation areas identified by the Japanese authorities.
