

Working Holiday Visa for Japan

— Application Guidelines for 2025

With the aim of giving young Hong Kong people the opportunity to gain a deeper understanding of the culture and general way of life of Japan, the Working Holiday scheme will allow those who meet the conditions to stay on holiday in Japan for up to one year and, secondarily, to take up employment there in order to supplement their travel funds. In 2025, Working Holiday Visa applications for Japan will be accepted in the following period with an annual quota of 1500 visas.

(Note) Employment is not the primary objective of the Working Holiday Visa. Employment is recognised as an activity that allows applicants to supplement their travel funds whilst they are on holiday in Japan. Work in the entertainment sector, such as in bars, pubs, cabarets, etc. or in the sex industry is not recognised as valid or permissible employment.

3 Necessary Documents

Please prepare the documents listed in “List of Basic Documents to be submitted for a Working Holiday Visa”.

Priority will be given to applicants with prior bookings. Walk-in applications will be accepted until 15:00. (Applications submitted at the Visa Section, Consulate-General of Japan in Hong Kong, or by a proxy, post or online will not be accepted.)
- (Note 2) Service charges will apply at the [Japan Visa Application Centre](#).
- (Note 3) In principle, we will accept all visa applications submitted during the application period. Those applications which have passed the application deadline will not be accepted for whatever reason.
- (Note 4) We will not contact applicants individually in the event that they do not submit all of the required documents mentioned above, nor will we accept additional documents after the visa application has been submitted. Therefore, please check carefully that you have included all of the required documents along with your visa application. We will contact applicants individually if the visa officer deems it necessary to request other documents in addition to the required documents mentioned above.
- (Note 5) We are unable to return any document once it has been submitted to us, even after completion of the application procedure.

4 Visa Examination Method

- (1) All applications will be carefully examined.
- (2) If necessary, applicants will be interviewed by a competent visa officer. In this event, we will contact the applicant individually to arrange an appointment. If an applicant does not attend an arranged interview appointment without good reason, their visa application will be considered as withdrawn.
(Note) The Working Holiday Scheme is intended for young people who are residing in the HKSAR. If you are studying overseas at the appointed time, this is not considered an acceptable reason for not attending the interview.
- (3) If the number of visa applications exceeds the quota of visas, the decision of selecting the most suitable candidates will only take into account those who meet both the principle and the purpose of the Working Holiday Scheme. Please note that applications will not be processed on a first-come, first-served basis.
- (4) With regard to matters related to the visa examination process, e.g. selection criteria, reasons for issuing or not issuing a visa etc., we will not answer any questions or provide more details on the selection process or its results.
- (5) An applicant may only submit one visa application per application period. If an applicant submits multiple visa applications, they will all be invalidated.

5 Announcement of Results (Successful Applicants)

If the result of your visa application examination is successful, the visa issue acceptance number, (stamped on your “Receipt” when you submit your visa application), will be posted on our website and also displayed on the notice board of the [Japan Visa Application Centre](#) at the same time.
